Report of the Board of Directors for the year ended 30th June 2020.

It is a great pleasure for us to welcome you all to the 25th Annual General Meeting of Beach Hatchery Ltd. (BHL). My profound good wishes to those who are present and also to those who could not attend. I pray to Almighty for long life, happiness and prosperous future for you all.

Respected shareholders

I feel honored to be able to present before you the Annual Report of the company along with audited financial statements for the year ended on 30th June 2020 and Auditors' Report thereon.

Company's performance and financial Result.

You, the honorable shareholders, are aware that Beach Hatchery Ltd. is a shrimp fry producing industry with yearly production capacity of 600 million fry in 6-7 cycles. Normally we produced about 60% to 70% of installed capacity depending on demand and supply. But the factory was dismantled by the Government to construct marine drive road and entire operation has stopped.

We passed financial year 2019-2020 and the company earned a net loss of Tk. 1,42,16409.00 as against Tk. 1,50,21,084.00 financial years 2018-2019. Because Building and Hatchery Equipment have been destroyed by Bangladesh Army to Construct Marine drive road and some portion of the land also Hatchery Plant acquired by them. Now it has become impossible to run Hatchery.

Dear shareholders.

Our Directors have been striving hard to improve business position and income of the company.

Auditors' qualified opinion on financial statements for the years ended 30th June 2020.

1. Trade debtors

Outstanding against this head is because of nature of business and product we deal in. There are some special features in marketing of fry. Since it is a perishable product, terms of sale is normally dictated by buyers. Unhealthy competition among sellers also attribute to credit sale. These have made the market highly credit based. We are aware of this situation and trying our best to realize the outstanding amount. Direct contact with debtors, social pressure and legal action are the measures we have been pursuing. We are optimistic about realization of outstanding dues in due course.

2. Advance against purchase

This is a continuous process. We have been pursuing to adjust the same. In our efforts to adjust, total advance has been reduced by 13.55% compared to the outstanding in preceding year. Efforts to adjust and bring it to minimum will continue.

3. Bank Loan

We are working for final settlement with the bank and hopeful about positive decision soon.

4. Tax

Our Tax Adviser is working to file appeal against assessment order and it will be completed in due time.

Dividend:

Considering the overall financial condition of the company the Board of Directors has not recommended any dividend to shareholders for the period ended 30th June 2020.

Chairman.

Additional Statement by the Board of Directors as per condition 1.5 of the notification dated 03, June 2018.

Industry outlook and possible future developments in the industry

This is said to be a backward linkage sector of shrimp processing industry, a 100 % export oriented sector. As harmonious combination of temperature, salinity & humidity is a pre-requisite for this industry, in Bangladesh context, coastal belt of Cox's bazar District is considered to be only location for setting up of shrimp Hatchery. As a result, there had been a mushroom growth of Hatcheries in Cox's bazar District in the Nineties. Total number being about 60 (Sixty) of different sizes and capacity, about 30 (thirty) is non-functional for poor structure and erroneous business policy. Ours is a Hatchery of 600(six hundred) million (Fry) production capacity with super structure and maximum (production) facilities started production in 1997. Our production has been dismantled by the Government to construct marine drive road and hence entire operation has stopped.

Risk and concern.

As a matter of fact, every investment is risk prone. So is the case with investment in our company. The risk could result in loss of income and even capital investment as location of the industry is very close to Sea. Investors may seek independent financial advice while deciding to invest.

Management Perception.

This is a nature dependent business. Also dependent on prospect of (i) Shrimp culture and (ii) processing industry. If prospect of these sectors remain bright Hatchery sector also shines. We have to see good marketing of processed shrimp worldwide as our marketing is linked with it.

Interest rate risk.

It is related with borrowed fund both short and long term. Our money market is not organized to cope with increased demand for loan and investment as a growing economy requires. If interest rate increases, our cost of fund increases & profitability gets hampered.

Management Perception.

The Management of the company is fully aware of the impact of high rate of interest as it increases cost of production affecting profitability.

Exchange rate Risk

We have to use imported raw materials particularly feed and chemicals. But don't import the same normally.

Management Perception.

As the company is not involved in import and export we have little concern about exchange risk. However, we are aware of it.

Market and Technology related risk.

Replacement of old technology by developed and latest one is the trend of the present day production and marketing strategy. Existing technology may not be efficient enough to cope with future trend and needs.

Management Perception.

Management is fully aware about the development in the sector and will bring about changes, where needed.

Economic and political situation.

Diversification in agro-economy sector is the motto of the Government nowadays. Hence, the trend is to go for expansion of command area, more production at economic rate and increase in export of processed shrimp.

Management Perception.

Management of the company has been working for increased production at economy rate and higher profit. Success is dependent on political and social condition in the country.

Energy

Energy is the backbone of production. If energy supply remains un-interrupted, production target in relation to market demand and capacity can be reached to yield more profit.

Management Perception.

Management is aware about it. We have our own Generators to mitigate any problems. Too much dependence on Generators may increase production cost and affect profitability.

History of non-operation, if any

Since start of Production in 1997 never we had to face 'Shut Down' position. As against production capacity of 600 million per annum we produced 400 million to 500 million every year in 6-7 cycle depending entirely on demand and supply. Since 2016 our factory has been dismantled by the Government to construct marine drive road and hence entire operation has stopped.

Management Perception.

Our company was incorporated in August 1994 as private limited company and later converted into public limited company in November 1995. We have already completed 19 years of successful operation since start of production in 1997. Since 2016 our factory has been dismantled by the Government to construct marine drive road and hence entire operation has stopped.

We have audited the financial statements of “**Beach Hatchery Limited**” (The Company) which comprises the Statement of Financial Position as at 30 June 2020, Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended 30 June 2020, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, except for the possible effects of the matters described under paragraph (a to f) in the basis for qualified opinion section of our report, the accompanying financial statements give a true and fair view, in all material respect of the financial position of the Company as at 30 June 2020, and of its financial performance and its cash flows for the year then ended 30 June 2020 in accordance with International Financial Reporting Standards (IFRSs), The companies Act 1994, The securities and exchange rules 1987 and other applicable laws and regulations

Basis for Qualified Opinion

- a. As referred to the note # 2.12 to the financial statements which disclosed that the factory building and hatchery equipment of the company have been dismantled by the Government to construct marine drive road and some portion of the land constituting of hatchery plant was also acquired by government authority. Hence, the entire operation of the Company has been halted since 24th April 2016 and though the management of the Company is taking initiatives but commercial production is yet to resume as of 30 June 2020. Moreover, the Company continued to make significant amount of net losses during the year as well as previous year and retained earnings of the Company stood at (Tk. 24,732,568) as on 30 June 2020. These conditions along with other matters as set forth in Annexure-1 indicate that a material uncertainty exists that may cause significant doubt about the Company's ability to continue as a going concern in the foreseeable future. The Company is currently at risk of being delisted and under the scrutiny of Dhaka Stock Exchange as its production has remained suspended for more than for a period of consecutive four years. The Company did not make an assessment of its ability to continue as a going concern and material uncertainties related to the above conditions were also adequately disclosed in the notes to the financial statements as required by IAS 1: Presentation of Financial Statements. However, the company is in process for going to production of white fish and hence the situation may take better shape.
- b. Trade receivables amounting to Tk. 273,280,569 was carried in the statement of financial position at the reporting date. These balances were outstanding for more than five year and due to non-operation of the Company for several years there is a probability that recoverability of these long outstanding balances involves a high degree of uncertainty against which no provision for doubtful debt have been recognized by the Company which would overstate total assets and understate net losses in the financial statements.
- c. Property, Plant and Equipment (PPE) with carrying amount of Tk. 215,360,903 was recognized at the reporting date. The Company did not provide us with details information showing individual items of these PPE like purchase date, cost of acquisition, purchase amount, asset identification number and location. As a result of this, we were not able to determine the accuracy, existence and valuation of said carrying amount.
- d. Income tax authority has issued letter dated 04.02.2015 claiming Tk. 19,335,561 as outstanding tax up to the assessment year 2012-2013 but the Company did not make sufficient provision to meet up the said claim on the ground that they are under the process of appeal against the said assessment order.
- e. Advance, deposits and prepayments of Tk. 2,799,791 was carried in the statement of financial position as on 30 June 2020. Despite, management of the Company considered that the full portion of these balances are good subject to realization or adjustment, we noted that some of these balances were beyond more than five year against which no such adjustment was made in the financial statements.

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the 'International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Bangladesh, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Key Audit Matters

Except for the matters described in the above Basis for Qualified Opinion section of the Auditors' Report, we have determined that there are no other key audit matters to be communicated in our report.

Other Matter

The Financial Statements of Beach Hatchery Limited for the year ended 30 June 2019 were audited by Ahmed Zaker & Co., Chartered Accountant who expressed a qualified opinion on those financial statements on 28th November, 2019.

Other Information

Management is responsible for the other information. The other information comprises all of the information in the annual report other than the financial statements and our auditors' report thereon. The Directors are responsible for the other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work we have performed, we concluded that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements and Internal Controls

Management is responsible for the preparation and fair presentation of the financial statements of the Company in accordance with IFRSs, the companies Act 1994, the securities and exchange rules 1987 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The companies Act 1944 require the management to ensure effective internal audit, internal control and risk management functions of the company.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the company or business activities within the company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the Company's audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide that charged with governance with a statement that we have complied with relevant ethical requirements regarding Independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our Independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse a consequence of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act, 1994, and the Securities and Exchange Rules 1987 and relevant notifications issued by Bangladesh Securities and Exchange Commission, we also report that:

- a. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
